BOOK SYNOPSIS

*** Look for the Faerie Tale Collection Box Sets to get more stories for less than the cost of the individual books! *** Beauty and the Beast A prince by day and a wolf by night— Prince Alexander has been turned into a werewolf and has one year to find someone to love the beast and break the spell, or he will be a wolf forever. He has nearly given up achieving the impossible, knowing no girl would ever fall in love with such a monster. Just when he is about to abdicate the throne to his cousin, he meets Cecelia Hammerstein-Smythe, while a wolf, and begins to hope for the first time in months. Can he balance both worlds as a human and beast, gaining the love and trust of a girl who has every reason to despise him? Cecelia detests the prince. She only knows Alexander as the arrogant monarch—the tyrant who has made her life miserable—though perhaps hes changed right before her eyes. Hes not as full of himself as he once was. The prince is gentle now... but then again, so is the beast. For fans of J.K. Rowling, Cinda Williams Chima, Grimm Fairy Tales, fairy tale adaptations, fairy tale retellings, and classic fairy tales.
