## BOOK SYNOPSIS

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in International Economics, International Finance, and International Trade. A balanced approach to theory and policy applications International Economics: Theory and Policy provides engaging, balanced coverage of the key concepts and practical applications of the two main topic areas of the discipline. For both international trade and international finance, an intuitive introduction to theory is followed by detailed coverage of policy applications. With this new 11th Edition, the author team of Nobel Prize-winning economist Paul Krugman, renowned researcher Maurice Obstfeld, and Marc Melitz of Harvard University continues to set the standard for International Economics coverage. Also available with MyLab Economics MyLab™ Economics is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results.
