BOOK SYNOPSIS

You've rarely seen your favorite fairy tale characters quite like this. In 1983, Tanith Lee captivated readers with *Red as Blood*, a collection of short stories featuring twisted and dark retellings of Grimms' fairy tales. Earning a World Fantasy Award, plus a Nebula Award nomination for its titular story, *Red as Blood* uniquely challenged the fantasy genre. And now Lee returns with a companion collection! *Redder Than Blood* features three brand-new and sixteen previously published stories that irreverently reshape popular fairy tales, including *Sleeping Beauty*, *The Frog Prince*, *Swan Lake*, *Beauty and the Beast*, *The Twelve Dancing Princesses*, *Snow White*, and more. Don't miss this newest volume of stories encompassing twenty-five years of a master fantasist's remarkable career.
